COVENANTS

As a service to the community and the property owners and in accordance with the community covenants, we routinely inspect the properties in Lake Arrowhead. Inspections help maintain the overall appearance of your community and help maintain and promote property values at optimum levels.

Recently the most common violation of the covenants seems to be trailers parked in property owner's yards. Article Six, Section 13 states:

"No mobile home, motor home, truck camper, trailer of any kind, or boat shall be kept, placed, stored or maintained on any lot..."

Should you notice a property that is not in compliance with the covenants, you may contact Dotty Bonds, Director of Property Management, dbonds@lakearrowheadga.com or 770-721-7920. All information is kept in strict confidence.

NEW RECREATION ADDITIONS

Horseshoe Pits have been installed at Great Festival Park. The new pits are located to the rear of the sand volleyball court.

Across the street from Great Festival Park playground a new parking lot provides convenient parking for hikers of the Wilderness Trail. The final leg of the **Flatrock Trail** is paved and ready for walkers of all abilities.

KYSC ARROWHEAD

KYSC Boats for Rent is flying north for the summer! We're headed to Camden, Maine to spend the week on a windjammer cargo ship over one hundred years old. As an added bonus, while on Grace Bailey, the name of the restored vessel, we will be able to view the Perseid Meteors.

Maine Windjammer Cruises was established in 1936 and is the first company to offer sailing vacations on these historic vessels. Their restored, authentic schooners, of which Grace Bailey is one, have been recognized as National Landmarks. The company is family-run and is committed to giving their clients the finest, most genuine experience available.

Grace Bailey was built in 1882 and restored more than a hundred years later. She is just over 120 feet in length and has accommodations for 29 passengers. This beautiful flagship, a fine 19th century sailing ship, is unmatched for authentic, windjamming experiences. Her broad, wooden decks give away some of her past excursions - sailing to the West Indies in the Fruit Trade and carrying granite to NYC for construction of Grand Central Station. When restored, every effort was made to keep the glory days in mind while giving every comfort to future passengers. Even the main cabin was restored with the utmost care, being detailed with hand-carved wood paneling and highlighted with a piano.

The Perseids will be providing an impressive display during our trip. While non-astronomy enthusiasts in the Northern Hemisphere can see a few of the meteors as early as July 23rd; by August 10th it is possible to see as many as 15 meteors per hour, increasing to 50-80 meteors the evenings of August 12th – 13th. Coinciding perfectly with **our trip (August 9th – 14th)**, we offer you the best viewing of these meteors since the anchorages on the water eliminate the distractions of the city lights.

So, come join us on this Windjammer Cruise (August 9-14) in Camden, Maine and enjoy a Maine lobster bake, mouth-watering cuisine, warm days and cool nights, and the best entertainment the heavens can provide! Call 770-887-7966 or email boatsforrent@gmail.com for more trip details!
